250 Pair of All-Wool and Cotton Sample Blankets at a great reduction.

LAST @ THOMAS

For women with large abdomens due to fat or dropsical tendencies these supporters are a great blessing. The weight is supported by the shoulders, thus removing all strain and irritating tension on the tissues and muscles of the abdominal cavity. This not only affords relief from dragging and bearing down pains, but it brings about a vigorous condition that means improved health.

You will notice the entire absence of anything at the waist line, thus giving perfect comfort and freedom of movement.

NATIONAL ORES ARE VERY RICH IN GOLD

One Million Dollars Taken from Twelve and One-Half Tons.

J. E. Pelton, president and general manager of the National Mining company of Nevada, and S. O. Scotten, treasurer, J. D. Syndacker and C. W. Buckley, all heavy stockholders of the organization, are in Salt Lake City from the mine in Nevada. The National mine is becoming known to fame as one of the most remarkable gold mining propositions ever brought to light in the western country. Its demonstrated richness partaking so much of the boasted prospective min-eral wealth of so many Nevada prospects during the past few years that these officials were by no means willing to discuss the conditions of the

We are just from the property," said Mr. Pelton, "my associates being eastern men who are returning to their homes. We have purchased fro mthe "P. C. Richmond Machinery

REQUESTED TO MAKE AP.

POINTMENTS IN ADVANCE.

Nevada gold mining proposition, of which the press is saying so much, Mr. Pelton said:
"The National property was pur-

chased over a year and a half ago, but it was tied up by litigation for a year. Four months ago operations were started, but during this four months we have produced twelve and one-half tens of ore which produced over \$1,000,000. This ore was treated by a small pan arrastra mill, and our larger mill, a plant of thirty tons' ca-pacity, was started last Thursday.

company some missing parts of our

When urged for some details of this

Choice High Grade Rock. "This twelve and a half tons of gold ore came from the high grade rock aken out along with 8,000 additional tons, which will range in value from \$10 to \$5,000 per ton in gold. This \$10 to \$5,000 per ton in gold. This \$,000 tons is now on the dumps awaiting treatment. Ore began in place and in paying quantities at a depth of eighty feet, and it is now followed to the 450-foot level. We are driving for it in a lower working, which will give us 700 feet of depth, and we should strike it in a few months.

On an average the vein is three and a half feet in width, in which the high grade occurs in shoots, of which we have found four already, the longest shoot being 150 feet in length, the high grade ranging from one-half of an inch to eight inches in width. Our dumps contain a fair representation of what the vein, outside of the high-grade ore, will average in gold. We are having a rather strenuous time of it in protecting ourselves. The mine has been held up on one occasion and about \$3,000 worth of ore stolen. It costs us as much to guard the mine and our buillion shipments as it does to mine and mill the ore. Two auto-mobiles are employed in bringing out

the bullion, and these machines are under heavy guard. "The National company is capitalized for 1,000,000 shares of stock, of which 750,000 shares are issued. We have declared three dividends on the stock, five cents per share each. Don't make your story appear too big. Peo-ple will not believe what you say, and the officials do not care whether the world believes it or not

Salt Lake, Aug. 26.-Royal E. Cabell, commissioner of internal revenue of Washington, D. C., stopped off in Salt Lake last night on his way to Los Angeles. He will remain in the city during the day, visiting with

ing, and will leave tonight for the coast. The purpose of his visit to Los Angeles is to confer with the Cal-

Ifornia collectors on the subject of the manufacture of sweet wine.

When asked last night about the corporation tax and the general condition of the internal revenue offices in the United States, Mr. Cabell said:

"Practically all of the corporation tax has been paid, but the greater part of it has been paid under protest. It was calculated that the corporation It was calculated that the corporation tax would not the government something over \$27,500,000. Of this amount over \$27,000,000 has been collected, so that you can see all of the large corporations and most of the smaller ones have paid their tax. At the present time there is a test case in the United States supreme court. The decision of this count will tell us whethcision of this court will tell us whether or not the tax is legal.

"The district revenue office in Salt Lake, while it cannot be classed among the big offices from point of money collected, is listed in class A for efficiency, and I can frankly say that it is one of the most efficient of-ces we have in the United States. This efficiency speaks doubly well of the office in that it covers one of the biggest territories we have. The reason for the collections in this office being small lies in the fact that in this district there are scarcely any tobacco factories, distilleries, and few brew-eries. These concerns net the government more than 90 per cent of the internal revenue money. This whole tax amounts to about \$25,000,000 per

REGISTRATION DAY SATUR-DAY.

On next Saturday is Registration Day for the fall election. Be sure that you are registered if you have Pot already been registered since the last presidential election.

Bingham, Aug. 25.-After electing officers to serve for the ensuing year, the State Firemen's convention adjourned last evening. The election of officers resulted as follows:

President, W. W. Williams of Sandy; first vice president, J. B. Loveless of Provo; second vice president, H. S. Townsend of Park City; secretary, Charles J. Stillwater of Bingham; treasurer, Luke Simpson of Salt Lake Trustees A. B. Canfield, Oct. Lake; trustees, A. B. Canfield, Ogden; W. D. Wilson, Park City; Captain W. T. Ayland, Salt Lake.

The selection of Provo for the next

convention was a surprise to many, as that city displayed no activity in securing the event until the last, just previous to balloting. Murray and Eureka were active in competing. mill, and I will return to Nevada

The last act of the convention was to proffer a vote of thanks to T. L. Holman for his services rendered in the last legislature in securing legis lation beneficial to the state associa-

Transfers were in readiness at the conclusion of the session to take the delegates as far up Boston Con. mountain as the vehicles could go. Here the delegates left the conveyances and proceeded afoot to the sum-mit of the mountain, from where they get a view of the mining operations After the descent to Upper Bingham, where the properties of the Utah-Apex, the Yampa and Highland Boy mines were visited the descent was continued to lower Bingham.

The delegates left last evening for Sandy to participate in the state tournament today

With Klamath Falls as the center, the Harriman railroad interests, with James J. Hill ibllowing in close pursult, are now building a network of railroads in Oregon, Nevada and Calitornia. In line with the activitles of the Oregon Short Line in Idaho and Utah, the other Harriman roads are turning to the territory farther Both the Harriman and the Hill interests are now building branch base from their present roads in Oregon to the Klamath Falls country.

With the Keeler branch of the Southern Pacific completed, which connects Mojave. Cal., with Hazen, Nev., on the main line of the Southcen Pacific, to Alturas, in northern California, the Harriman interests are now planning a road from Alturas to Klamath Falls, where it will connect with branch lines running north. Thus, it will be seen, the Harriman interests will have a direct line from southern California through Nevada by way of Klamath Falls north.

report has also been published ling Judge Robert S. Lovett, head of the Harriman system, who has recently been in central Oregon, with the statement that it is the inention of the Deschutes railway to extend from Redmonda, Ore. its former announced terminal, southward to connect with the Natron-Klamath Falls cut-off of the Southern Pacific from Wadsworth, Nev., to Alturas.

American Manufactured Goods Reaching Out for New Markets

Washington, August 26.—A marked ecrease in exports of natural products, increased exportation of manu factures and increased importations of manufacturers' materials are shown by the bureau of statistics fig ures in a comparison of foreign re ceipts of the United States during the seven months' period ending July 31,

Exports of wheat, flour, meats, cotton, illuminating off and copper show a decrease. Exports of lumber, leather, agricultural implements, lubricating oil, naval stores, scientific instruments, metal working machinery boots, shoes and automobiles show an increase. Imports in principal manufacturers' materials, including hides, tobacco, cotton, wool, etc., shows an increase which many of the manufactures, including cotton, laces, linens, cotton cloths, books and silk laces show a slight decline.

ROOSEVELT LOST TWENTY MINUTES

Chicago, Aug. 26.—For twenty min-ntes last night Colonel Roosevelt was "lost" in this city and the eastern correspondents and members of the newspaper club were much perturbed to know what had become of him,

The secret came out.

Colonel Roosevelt wanted a breath of fresh air before going to the re ception that had been arranged in being a secret expedition than anything he had done since he left the African jungles. From that moment he was whisked away in an auto-mobile from the shouting crowd in the station until he reached the en-trance to the club he was lost to the public eye

CAMERA MEN MADE ROOSEVELT MAD

Iowa, Aug. 26.-Speeding westward on his special car, Colonel Roosevelt was not permitted to sleep late this morning. Scarcely had the state of lowa been entered when a stop was made at Marshalltown, where hundreds of people clamored to see the colonel

After some delay, he emerged from the rear door of his car smiling but protesting that he had not been scheduled to speak there. He then deliv-ered his first speech in what he termed the heart of the nation. He told the audience he was glad to get back to his own country, although he had enjoyed the lions in Africa more tha nthey had enjoyed him. Expressing interest in the children

of the assemblage, he suggested that it would not be well to depend on im-migration for an increase of the pope. lation of the country. After his re-marks, frequently interrupted by cheering, he protested against the attion of photographers who brought their cameras into action. "It is an outrage," he said, "to take my picture

in this garb." He had time only to throw a rain coat over his pajamas and to don slip-pers when called to the platform. The Roosevelt special will go through Iowa and Nebraska, stopping at a dozen or more places where Colonel Roosevelt will make addresses

MINERS AND OPERATORS TAKE OPTIMISTIC VIEW

Kansas City, Aug. 26.—Both ceal mine operators and miners in the southwestern field hold an optimistic view of the strike situation. They

Feet Tired--So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, ching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know, for everything that gets the matter with your feet. It's for sore feet and for sweaty, bad-smelling feet, and for corns, callouses and bunions, too.
- For years I have been troubled with

sore and tender feet; suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used." A. F. Dreutzer, Chi-

TIZ is not a powder. Powders and other foot remedies clog up the pores.

TIZ draws out all poisonous exudations which bring on soreness of the
feet, and is the only remedy that does.

TIZ cleans are sore and glorifies. TIZ cleans out every pore and glorifies

the feet—your feet.
You'll never limp again or draw up
your face in pain, and you'll forget
about your corns, bunions and callouses. You'll feel like a new person. TIZ is for sale at all druggists, 25 cents per box, or it will be sent you from Walter Luth-E. H. Callister, collector of internal READ THE CLASS ADS TODAY or Dodge & Co., Chicago, Ill.

believe that the trouble between the two sides will be settled satisfactor-ily by the last of next week.

The miners will meet at Pittsburg, Kan., tomorrow to vote on a propo-sition made by the operators Wed-

sition made by the operators Wednesday.
Should the Pittsburg convention approve the plan, the miners conferees, including President Thomas L. Lewis, of the United Mine Workers of America, will come here Monday to confer with the coaf operators and complete the contract.

By the plan pow under considerations

By the plan now under considera-tion the miners will receive the in-crease demanded by the Cincinnati convention and the operators are to get concessions regarding working conditions in the mines.

QUAIL ON TOAST STARTS A ROW

Albany, N.Y., Aug. 26.—The fact that Stuyvesant Fish's French cook served quall out of season at a dinner given in New York by Mrs. Fish on February 12, 1907, and the failure of the forest, fish and game commission to prosecute Mr. Fish for alleged violation of the game law, are being made subjects of inquiry by Commission-ers Clark and Austin who are con-ducting an investigation into the affairs of the fish and game commis fairs of the fish and game commission. The incident led to an unpleasant interview between Zelah B. Strong, assistant United States district attorney of Brooklyn, who was representing the department in New York at the time, and John K. Ward. Chief counsel for the commission, Strong having intimated that outside influences were being exerted in the settlement of cases by the department.

ment.
Mr. Ward, who was on the stand today, told the commissioners that he had thought the Fish episode an "innocent infraction of the law" and that, while he may have erred, he did not believe it the duty of a self-respecting department to prosecute such technical violations.

AMERICAN ROADS RECEIVE PRAISE

New York., Aug. 26.—Nichols von Ostrowsky, president of the Moscow-Libau railway of Russia, is back in New York after a month's tour of the United States, in which he and a par ty of his engineers have made a care ful study of the railway terminals, lo comotive and car works and freight handling facilities of this country Their principal work was done in Buffalo, Detroit, Chicago, St. Louis, Cin-cinnati, Richmond, Washington, Philadelphia and New York.

"In general we found the railroads of this country excellent," said the Russian rallway president, summing up the results of his observations on his arrival here.

"In what they do for the comfort of the travelers and the arrangement for the transportation of merchandise they are wonderful. Compared with the railroads of Europe, one might say that the roadbeds are not so well kept, but the trains are better and the cars for freight are much larger. the big freight car is coming in Europe, and we are about to get it in

ASKING PARDON FOR JOHN WALSH

Chicago, Aug. 26.—A special from Washington says the stockholders and depositors of the wrecked state banks in Chicago, once dominated by John R. Walsh, are practically a unit in asking the pardon of the former banker from the federal penitentiary at Leavenworth Kan, and he wyshally Leavenworth, Kan, and he probably will be liberated by President Taft.
In any event, the proportion of

In any event, the proportion of these stockholders and depositors who join the petition for a pardon will have a good deal to do with the decision of the department of justice on the question of recommending clemency. The department has been advised that attorneys for Walsh now are striving to get signatures to their petition from all persons interested in any way in the banks at the time of their enforced dissolution.

TIMOTHY WOODRUFF BLAMES GRISCOM

NEW YORK, Aug. 25 .- The conference on the night before the Republican state convention meeting in which Colonel Roosevelt was voted down and Vice President Sherman voted temporary chairman of the con-vention assumed still another complexion today.
Timothy L. Woodruff, in a state

ment given out from Republican state headquarters puts the responsibility for the action up to Lloyd C. Griscom, president of the Republican county committee and denies that he had even an intimation of any plan to pre-sent the name of Colonel Roosevelt to the committee until Mr. Griscom made the actual nomination. In his statement Woodruff says precedent was followed in the selection of Sherman as chairman and that Gris-com moved to have the name of Roosevelt substituted for that of Sherman practically after the com-

mittee had acted.
"President Taft was in no way in volved in this matter," Woodruff says, "as the members of the state committee acted entirely within their authority in selecting a temporary chairman without as far as I know single one of them consulting with him about it. But in view of the apparent affront to Mr. Roosevelt, caus-ed by the action of Mr. Griscom, I felt called upon as chairman of the committee to send an explanatory letter to the former president.

SHIP IN SINKING CONDITION SET ON FIRE

Bremen, Aug. 26.—A dispatch from Fayal, Azores, to the North German Lloyd company reports that the North German Lloyd steamer Koenigen Louise, on August 24th, encountered the ship Harvest Queen of Windsor, N. S., which sailed from Dalhousie, N. B., August 10th for Buenos Ayres, in a sinking condition, the ship being then in longitude 40.51 west and in latitude 44.24 north. All the crew of the Harvest Queen were taken aboard the Koenigen Louise and the

ship was left burning in midocean, having been set fire to prevent her becoming a menace to navigation.

CHARLES BARTON HILL DEAD.

San Francisco, Aug. 26.—Charles Barton Hill, former assistant professor at the Lick observatory on Mount Hamilton, a member of the United States Coast and eGodetic survey, is ty-seven years old.

DENVER, Aug. 25.-Weather rec ords were broken this morning throughout the Rocky Mountain re-glon. In Denver a temperature of 39 1-2 degrees was recorded at sun-rise, the lowest recorded in the thir ty-nine years existence of the weather bureau, not only in August, but at any ty-ine years' existence of the weather time between June 13 and September 11. At Cheyenne the mercury reached 26 degrees; the same mark was recorded at Sherldan, Wyo., and 24 degrees was recorded at Lander. At Laramie street thermometers re-

corded 20. Killing frosts occurred in many parts of Wyoming and vegetation

FROM LENNON

CHEYENNE, Wyo., Aug. 25.— Young Erlenborn of Denver knocked cut Eddie Lennon of San Francisco tonight in the tenth round of a schedule 20 round bout before the Chey cane Atthletic clab for the feather weight championship of the west.

A stiff right to the jaw put Lennon down for the count and it was 15 minutes before the San Francisco boy

regained his senses.

The fight was fast in every round

STOLE \$12,000

ST. LOUIS, Aug. 25.—Four officers and members of the Eagles on trial here before the convention, charged with the diversion of \$12,000 of the order's funds were found guilty to-day and their expulsion from the grand Aerie was recommended. The men are Edward Krause, Wilmington, Del.; Martin Gray, New Haven, Conn.; Thomas C. Hays, Neward, N. J.; and B. F. Monaghan, Philadelphia. The vote for expulsion was unanimous except in the case of Monaghan, it being claimed that he had received none of the profits, but he knew the alleged graft was going on.

0000000000000000 JOY RIDE ENDS IN A TRAGEDY O

St. Paul, Aug. 26 .- A joy ride in an automobile today ended in the death of Eilen Boyer a waitress, the injury of Henry Copenhauser, whose death is momentarily expected,

went over a fence, turned completely over in the air and C landed rightside up. C landed rightside up.

0000000000000000

0000000000000000 CENSUS FIGURES OF MICHIGAN CITIES O

Washington, Aug. 26.—The Opopulation of Bay City, Mich., O is 45,166, an increase of 17.—O 528 or 63.5 per cent as compared with 27,628 in 1900.

Lansing, Mich., shows 31.—O 229, an increase of 14,744 or O 89.4 per cent as compared with O 16,485 in 1900.

The appulation of Saginary O

The population of Saginaw,

Mich., is 50,510, an increase of 0 8,165, or 19.3 per cent as 0 compared with 42,345 in 1900. 0000000000000000

0000000000000000

NUMBER OF DEAD 200. Spokane, Aug. 26 .- All care-

ful estimates of the loss of life in the forest ffres place the number of dead and probable dead at more than 200. The Italians and Austrians in the So. Joe Valley, of whom many perished, were employes of log-ging companies. The list of government rangers dead, now 0, will almost certainly be

co lengthened. 00000000000000000
